HDPE panels are available in a range of colours. Due to its strength and weather resistant qualities it is ideal for use in playgrounds.

Looking after our environment is extremely important, that is why we offer a range of recycled HDPE. The two colour sheet with black core offers an eco-friendly alternative to the standard HDPE.

Other colours and designs available, more details available upon request.

The ability to offer unrivalled value for money whilst still ensuring exceptional quality and longevity is key. The Stand Alone range accommodates all ages, budgets and play scheme sizes.

Our uncompromising approach to safety during the design and manufacturing process is paramount. With this in mind the Stand Alone range is designed to meet the requirements of BS EN 1176.

In order to ensure the highest level of accuracy, our experienced production team utilise our custom made, state of the art, 6 Axis CNC machine alongside automated drilling equipment and flatbed CNC machine. This technology allows us to offer unparalleled accuracy in the field of play timber production.
